V38 Price sheet

Boat:

The **V38** complete and ready for sails \$159,500

Inclusions:

Fully assembled hull, deck, truss and bulkheads, including sideboards and rudders and spars, all constructed of carbon fiber. Precision running rigging components engineered for optimum mechanical advantage.

Initial launching, final rig tuning and a new-boat orientation for the owner and crew are included.

Also included is the destination charge in the contiguous 48 states.

Inherent features:

Choice of colors in an extremely durable coating is part of the process of building a V38. Sure, it can be white, but it doesn't need to be. In fact, you can use different colors on the hull, deck and the foils.

Name and custom finishing treatments such as the full color lion's head, or flame job will cost extra.

Sails:

1 main, 2 jibs, 1 spinnaker..... 15,000

Approximate cost for this set is shown but all loft and inventory decisions can be made by the buyer.

Covers:

Full bottom and deck covers 2,900

Options are available in configuration and materials.

Trailer:

Rustproof travel/storage trailer 5,100

The V38 custom trailer features high quality steel construction, tandem axles, brakes and a framework to hold down the boat and support the spars.

You can be part of the future of high-performance sport monohull sailing.

Call us today to reserve your very own V38 – the hottest sports boat on the market today!

The initial class scantling rules are in place, subject to future class association management.
